Dear Mr Burns

YOUR ATTENDANCE AT FIRE SERVICE HEADQUARTERS

I write further to your recent attendance at Fire Service Headquarters in an effort to oversee a request from another retired firefighter regarding the disclosure of some sensitive personal information. Kindly note that we have written to the person in question to clarify the situation.

Given your aggressive and unpleasant demeanour to members of staff during your recent attendance at Headquarters, coupled with your unacceptable behaviour and conduct over many years including being abusive, hostile and vexatious, I have no alternative but to formally prohibit you from setting foot on to the premises or grounds of any Fire Service premises, at any time, with immediate effect.

Given the fact that we have a duty of care towards our staff to ensure that they are provided with a safe and happy environment to work in, coupled with your on-going attempts to harass, deride, libel and slander senior officials within this organisation, I am unable to accept that any future attendance by you on Fire Service premises will be for anything other than hostile or for unlawful purposes

If, notwithstanding this prohibition, you attempt to enter the grounds of any Fire Service premises going forward, then you will be immediately asked to leave. Should you fail to comply with this request then the Police will be called

Should you wish to attend the public section of any Combined Fire Authority meeting held on LFRS premises then consideration will be given to allowing you access to LFRS property for the duration of the meeting. This is providing at least 48 hours' notice of your wish to attend is given to either the Clerk to the Authority or myself as your nominated contact. This will enable consideration to be given to your request, authority given and any necessary arrangements made.
