BURNS

My Ref: PB03213,
Your Ref: BW/JLW

My Pensions and Gratuity Awards.

Dear Mr. Warren,

Thank you for so subscribing to the spirit of Civil Service 'Code of Values' in being willing, despite being very busy, to provide further clarification.

There are just two things remaining unclear.

You have attached to your letter of 15th July 2013, new text which you have clearly relied on, G:\personal\EB-BobWarren\letters\13071burns.doc, though you do also mention a DCLG Commentary. May I ask if this extract is taken from that? And, if so, would you please give me its full publication data so I may be able to get a copy.

With your disclosure of the DCLG Commentary, Pensions Act, and S.I.192 , may I take it that you have fully disclosed to me all I need to look at to see precisely how you have arrived at my pension?

Given that assurance, I need look no further and we can wrap this up.

However, as I am sure you will understand, if unable to give me that assurance I shall have to refer the matter to higher authority who may, one may think, wonder why a public servant is concealing from anyone, the law or any document he relied on to calculate a public pension.

Directly I can be sure I have been able to consider all that you have relied on I would hope I can either satisfy you of an error, or not – but either way this can be resolved. Which is, I think, what we both want?

Yours Truly,

Paul P. Burns. GIFireE
